## Intermodal routes Sardinia Express

The departure and arrival times of the Ships are subject to change based on the agreements stipulated with the Port System Authorities and based on the needs of the shippers involved in the Journey, and based on the time required for the loading and unloading of the wagons and wheeled vehicles on board the ship. It is recommended to give priority to the implementation of the sea lines to those most logistically necessary, more compatible with the combined train / ship intermodal system, the most strategic ones that offer greater guarantees of commercial cargo (Intrioiti)
